

GOLIATH 25 GOLIATH 50 GENERATORI DI VAPORE

GOLIATH 25

GOLIATH 50 + SERBATOIO (WITH TANK)

STEAM GENERATORS

ENGLISH

Electric steam generators with electronic control of the water level. The special design allows for a quick and easy installation with the added benefit of all components being easily accessible allowing routine maintenance to be straightforward and simple. These steam boilers are constructed from high grade materials and conform to PED European Standards.

Available extras:

- Two separate sets of boiler heaters (only for Goliath 25, but standard for the Goliath 50).
- Feed tank and condensate recovery, for both models (standard for COMBI version).
- "ENERGY SAVING" feed tank for complete condensate recovery with special pump, only for Goliath 50 and Goliath 50 COMBI.
